

## **We Are Poets**

We have the power  
To change, influence, and inspire  
We won't retire  
Because of our strong poetic desire  
It's like a burning flame  
Our words flow endlessly  
They are hard to tame

You have to be a role model or set a good example  
We can't keep living the same way  
Inform people about right  
Wrong needs to stray

We're here to help  
We're here to make you understand  
Love is what we need throughout this land

Keep trying  
Never give up or quit  
Stand up for what you believe in  
Don't sit

We won't fall apart or fade away  
We will always stand together  
We are poets  
Now and forever
